

LIRLJ 6.6.  
SPEED MEASURING DEVICE CERTIFICATION

Any certificate admissible under LIRLJ 6.6(b), and any other document related to a Speed Measuring Device, can be filed with the clerk of the court and maintained by the court as a public record, and shall be available for inspection by the public. Copies shall be provided by the clerk's office on request. There shall be no charge for the copy if it relates to an infraction filed against the person making the request. These records shall be available without a formal request for discovery. The court shall be entitled to take judicial notice of the fact that any document filed pursuant to this rule has been filed with the court. Documents filed pursuant to this rule shall not be suppressed as evidence merely because there is no prosecutor present to offer the document as an exhibit at the hearing. If the certificate or document is insufficient, then a motion to suppress the reading of the Speed Measuring Device shall be granted.

Requests to produce the electronic measuring device expert shall be contained in a separate document and served on the prosecuting attorney with a conformed copy filed with the Clerk of the Court. Unless otherwise requested, and ordered by the Court, appearance by the electronic measuring device expert shall be by telephone.
